GETTING READY FOR ARMISTICE DAY

Work on cleaning up Waipouli field is advancing rapidly and the race course is getting into good shape, all in readiness for Armistice Day. The work is going on under the supervision of Mr. James Spalding, and he spends a good deal of time there.

Word has been received from Army headquarters in Honolulu that 2nd Lieut. Caldwell, V. C., is leaving town on the 1st of November with five enlisted men and eight polo ponies. The team will leave on the eighth and arrive in time to get a good look at the field and a couple of days of practice. They are 1st Lieutenants Thompson, Truscott and Gibbs, and 2nd Lieutenant Stutsman, all from the 17th Cavalry.

The committee of the polo game and horse races are James Spalding, Philip Rice, Marcus Monsarratt, and they are attending to all the details.

The Kauai Legion players start their first workouts this coming Sunday, and enthusiasm reigns. There will probably be James Spalding, Foster Horner, Charles Baggott, Marcus Monsarratt and James Corstorphine. Philip Rice will not be out until the end of next week until fully recovered from his recent illness.

Enthusiasm reigns among the schools and they are all anxious to get in on the school sports. Waimea, Kapaa, Hanalei, and Lihue Grammar have been heard from and they have entered teams for Playground baseball.

Kekaha, Waimea, Grove Farm, Lihue, Kawaihau, and others have been heard from for the tug-o-war teams. For the eight men mile relay teams, three have entered—Kawaihau, Grove Farm and Lihue. The Kawaihau boys started in training the first part of this week and are working hard. Lihue had better get started and not be walked away from.

Tickets for the bleachers and reserve space for the polo game will be sold in advance, and advance notice will be given as soon as they are ready. A lot have been spoken for but have not been promised. Watch the next Garden Island and the store windows for the advance notice. There are only a hundred parking spaces for the polo game and three hundred and seventy five seats in the bleachers for the races.

WILL E. CARDEN AND WIFE ARE POISONED BY OVERDOSE OF MEDICINE

Medicine, which may have contained more than prescribed amount of strychnine nearly cost the lives of Mr. and Mrs. E. W. Carden, 2205 Hyde street, says the Star Bulletin of last Tuesday. Both were today pronounced in satisfactory condition, although Mrs. Carden is still confined to the Queen's Hospital.

Chemical analysis of the "tonic" is being made to determine exactly of what it consists. Physicians believe, from its effect upon Mr. and Mrs. Carden, that it contains at least two or three times the quantity of strychnine called for by the prescription.

Mr. Carden, who is a clerk in the Bank of Hawaii, obtained the medicine from a local drug firm. Both he and Mrs. Carden took the customary quantity, which is supposed to be taken three times a day, and drove away in their automobile.

They had gone only a short distance when Mr. Carden began to feel ill. He stopped his machine and stepped out. His limbs could scarcely support him and he felt himself growing blind. Mrs. Carden experienced similar sensations.

Hastily starting the automobile again, Mr. Carden drove to the office of Dr. A. G. Hodgins. He was barely able to finish the trip and his wife had lost consciousness when he arrived.

Two physicians worked over the couple. Mrs. Carden appeared to be dead, but efforts to resuscitate her at last proved successful. Her husband's constitution withstood the effects of the drug somewhat better and he was released from the care of physicians today.

W. E. Carden was formerly connected with the Lihue branch of the Bank of Hawaii, from which place he left to enter the first R. O. T. Camp at Schofield.

Baseball At Kawaihau

Two good games were played in the Kawaihau league on Sunday, the first resulting in the downfall of the Allies at the hands of the Liberties, and the second in the defeat of the Pacifics by the Farmers.

In the first game, which was won by the score of 7 to 4, the Liberty team surprised the fans by playing rings around Dan Arcia's Allies, who were supposed to be the best all-round team in the league this season. The winners drew first blood in the initial frame with a single tally when Rapoza heaved the pill over Souza's head at first, with two down, but things looked pretty gloomy for Aki's warriors when the opposition was virtually handed three runs in the third by Liberty boots. The Chinese again tallied in their half of the third, but the losers made it four to two in the fourth. In the fifth, the Liberties tied the count and put the game on ice by scoring a brace in the sixth and another in the seventh.

In the second game, which the Pacifics lost to the Farmers by a score of 4-3, the homesteaders gave the spectators a shock by playing better ball than their opponents, who were favorites to win this year championship.

The Pacifics, instead of relying on their old standby, southpaw Morita, chose to experiment with Harry Nagahisa, an unknown quantity, with the result that four runs in the first two innings settled the argument for the day. Morita was called in to stop the opposition in the second inning with two men on bases, and he held the Farmers down without a run for seven innings. Teves heaved for the homesteaders and did rather good work in holding the heavy hitters of the Pacifics down to three runs.

Next Sunday's games will be Farmers vs Allies, and Liberties vs Pacifics.

STANDING OF TEAMS			
	W	L	Pc.
Liberties	2	0	1.000
Farmers	1	1	.500
Allies	1	1	.500
Pacifics	0	2	.000

A FATAL ACCIDENT

A most unfortunate accident happened some ten days ago in the machine shop of the Lihue mill which resulted fatally to Hermann Jottmann, employed there as assistant. Inadvertently he got between the planer and the wall when the returning carriage of the same crushed him against the wall. It was not thought that he was seriously injured, but he was a large man and was standing side on, and was taken in the hips. He went to the hospital, and died a few days later.

He was a very fine young man, with a most cheerful, genial, sunny disposition, which commended him to everyone.

IMPORTANT SOCIAL EVENTS

It is seldom that two social events of such magnitude and importance come in such close conjunction as those of Mrs. C. A. Rice and Mrs. Sinclair Robinson last week.

The former, Friday afternoon, at Kalapaki, was given in honor of Mrs. R. D. Moler, and was one of the largest and choicest events of the kind ever given on Kauai. Some 140 invitations were issued and about 125 guests accepted, many of them from Kealia and Koloa.

A stringed orchestra under the conduct of Alapaki Smith discoursed bewitching Hawaiian music at frequent intervals while Mrs. H. T. Sheldon of Kealia, sang several solos most effectively.

It was a most delightful affair and was pervaded by a gracious hospitality and congenial responsive atmosphere.

That of Mrs. Sinclair Robinson for Mrs. F. W. Glade, her mother, was given the following day at Pakala, Makaweli. While there were fewer guests—some three dozen being present—it was none the less delightful and congenial in every way. The guests came from all parts of the island—a large proportion being from Lihue. Mrs. Robinson and her distinguished mother, Mrs. Glade, made most charming hostesses.

KAUAI SOCCER SEASON OPENS

The Kauai Soccer season was opened last Sunday with Lihue vs. Koloa at Koloa and Makaweli vs. McBryde at Elele.

The game at Koloa went to Lihue 3 to 0. The first goal was made by Fernandez in 15 minutes of play and the second by Chillingworth in 29 minutes. The third goal was also made by Chillingworth from a penalty kick. The ball was not more than ten feet from the Koloa goal, which was defended by the entire Koloa team, who were massed between the posts. As close as the ball was, it did not seem possible to score a goal with all those boys there to stop it, but "Chilly" made a beautiful kick and sent the ball like a bullet just over the defenders' heads and under the bar for a goal.

The Koloa boys put up a surprisingly good game for a team, the majority of whom are beginners. Lihue has some weak spots that will have to be strengthened before next Sunday's game with McBryde at Elele.

Thomas Smith, of McBryde, officiated as referee in a most satisfactory manner.

Makaweli 1, McBryde 0

Makaweli started the season by defeating McBryde in a fast 1 to 0 game at Elele. E. A. Creevey was referee.

NEW SCHEDULE OF WAGES

At the recent meeting of the H. S. P. A. in Honolulu the matter of plantation wage and bonus was the important subject for consideration and it received long and careful attention. The final outcome of this consideration was that the basic wage should be increased to \$30 for men, and \$22.50 for women, and that the bonus be 10 per cent for 4 cent sugar with a two and a half per cent increase for each quarter of a cent rise in sugar price. This arrangement, however, is subject to the approval of the different island associations which will doubtless be given.

The Kauai planters met yesterday and confirmed the same subject to the similar confirmation of the other Islands.

This will mean that 10 cent sugar will yield a wage of \$51, 15 cent sugar \$66, and 20 cent sugar \$81, which is considerable of a reduction from the old rates. On the other hand, however, the 50 per cent increase on the basic wage will be better than a bonus on the lower price levels.

WILLIAM RICHMOND

In the passing of William Richmond, who died a few days ago in Lihue, we lose a veritable old Kamaaina of much character and usefulness.

Born in Tahiti, of American and Tahitian parents, 62 years ago, he came to these Islands as quartermaster of a sailing packet in 1858. Those were the early days of labor scarcity here, and coming to Kauai he "shipped" to Mr. Wm. Hyde Rice, on a three years contract. Finding that he was an intelligent and manly boy, Mr. Rice asked him if he would act as steward. He replied, "Sure, I bin that before!" And it soon became evident that he had.

When sometime later Mr. Rice was at his wits end for a man to handle a big six horse team, on his sugar hauling contract, Richmond offered his services. "You let me try, it will be allright!"

"Well, what do you know about a team, you're a steward!"

"Oh, I can drive too. I used to handle a big six horse team in the mines in California." And from that day on he was the crack teamster of Lihue.

Later he became foreman of the stables for Mr. Rice, and had charge of all the stock. When the Huleia plantation was started, he was made head lina, which position he filled with complete satisfaction for 12 or 15 years, until the duties became too heavy for his declining years. For three or four years back he has been on a pension from the Rices, doing what work he felt equal to.

He leaves a wife and an adopted son. He also leaves a small estate, part of which is in Tahiti, where his father was a sugar planter. He spoke Tahitian and French in addition to English and Hawaiian.

He was a very capable, efficient and reliable man, a good husband and father, and a good all round citizen.

SUCCESSFUL RUMMAGE SALE

The ladies of the Mokihana club held a very successful rummage sale on Saturday last which netted the handsome sum of \$400. This goes into the general fund for the various beneficial enterprises which the club is conducting.

BABY DAUGHTER PASSES AWAY

The four-months-old daughter of Mr. and Mrs. E. L. Damkroger, of Makaweli, died last Tuesday in Kaulaolani Children's hospital, Honolulu. The body was cremated and the ashes were brought to Kauai last Friday and buried at Makaweli.

THE GRAND JURY

The grand jury, which has been in session for several days, closed its labors yesterday, reporting true bills. It is the same grand jury that has been serving since the first of the year, the Court taking the ground that the panel is selected for the year. Mr. Alex. McBryde is the foreman. The trial jury cases are called for today.
